About the organizers

What is Way to Go?

Way to Go is a program of the Denver Regional Council of Governments. We get the cool job of organizing Bike to Work Day for the entire Denver metro area.

How did we get so lucky?

Because it aligns with our mission to reduce traffic congestion, improve air quality and make life better for the region's residents. And although we love bikes, we also can help you find other smart ways to commute including bus, rail, carpools and vanpools.

What do we do the rest of the year?

We provide you with free services to access smarter commute choices. From biking to

transit to carpool to vanpool and telework, Way to Go offers employees and employers the ability to partake in challenges that reward you for choosing smart commutes.
